

Daily Learning Tasks: Green

Weeks 6 – 7

These learning tasks are designed to be completed by students daily, with guided support from parents/carers. The activities below are to be repeated over a two-week cycle. Students can access further learning through the Enrichment Learning Grids. All documents can be found on the school website.

We understand and appreciate the different circumstances for each family and their capacity to support their child/ren’s home learning. We encourage families to complete what is manageable with the resources that are available. Your child/ren’s teacher will be communicating with you weekly, so please inform them of your child/ren’s progress as well as your concerns and challenges.

How do I contact my teacher?		Screen Time Recommendations Australian Standards suggest a maximum of 2 hours per day screen time (including time children spend on screens for learning). Supervision of Online Learning If your child is accessing online learning activities, please ensure your child is supervised.
Students can contact their teacher about learning via Seesaw or phone. Parents/carers can contact teachers via phone only. Please note, teachers are only available during school hours 9-3:00pm.		
If you are self-isolating:		
Please understand teachers are still teaching on class and will respond to messages as soon as they are available.		Brain Breaks Please take Brain Breaks as often as needed. A variety of activities can be found in the Enrichment Learning Grids.
If the school is requested to close:		
Teachers will update via Seesaw with further information on when they will be online for daily contact. If you are not accessing Seesaw, teachers will contact you via phone.		What learning is taking place at school? Students who are at school participate in the same Learning Units that are used at home.
Please note:		
Teachers will do their best to respond with the technology at hand. In the event of School Closure, if you haven’t heard a response from the classroom teacher on an urgent matter within 48 hours, please email the school using the email address below.		
End of week check:	Key:	
Has my teacher seen my learning this fortnight? If not, please send some of your learning to your teacher via Seesaw or another agreed method.	<div style="display: flex; justify-content: space-around; align-items: center;"> <div style="text-align: center;"> <p>photograph</p>  </div> <div style="text-align: center;"> <p>voice recording</p>  </div> <div style="text-align: center;"> <p>video</p>  </div> </div>

Appendix 1

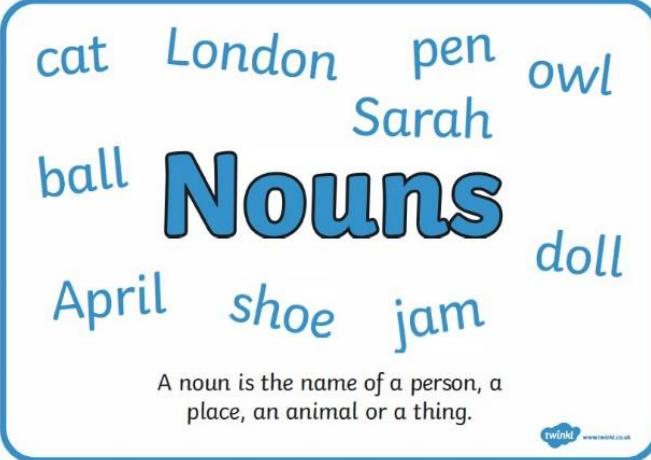

Phonics/Spelling List

Week 6 - <ff> spelling for the /f/ sound (revision)		
Rule: The /f/ sound at the end of a word is usually doubled when preceded by a short vowel e.g. huff, fluff.		
Core List	Extension List	
off	sniff	fluffy
cuff	stiff	scruff
huff	cliff	stuffing
tiff	stuff	handcuffs
puff		earmuffs

Week 7 - <ll> spelling for the /l/ sound (revision)		
Rule: The /l/ sound at the end of a word is usually doubled when preceded by a short vowel e.g. tell, doll.		
Core List	Extension List	
ill	drill	frilly
tell	skill	thrilled
gull	skull	swelling
doll	smell	spelling
sell		windmill

Appendix 2

What is a noun?

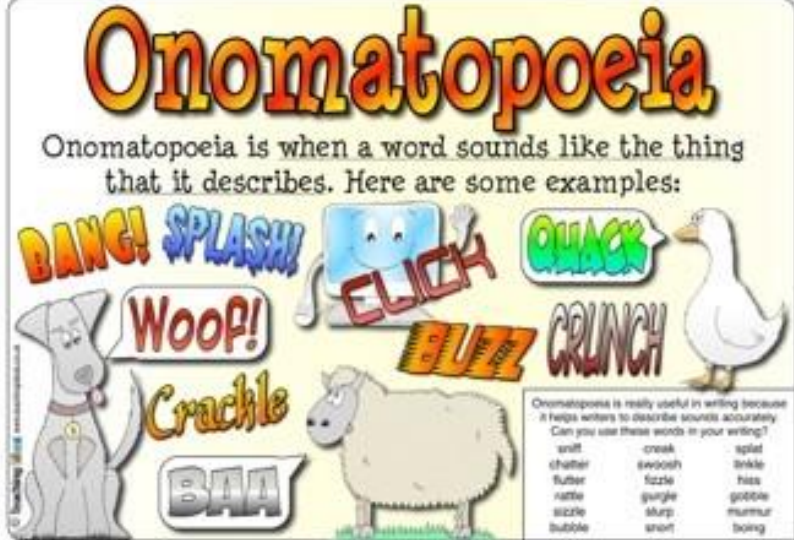

cat London pen owl
ball Sarah
Nouns
April shoe jam doll

A noun is the name of a person, a place, an animal or a thing.

twinkl

What is Onomatopoeia?

Onomatopoeia

Onomatopoeia is when a word sounds like the thing that it describes. Here are some examples:

BANG! **SPLASH!** **CLICK** **QUACK**
WOOF! **BUZZ** **CRUNCH**
Crackle **BAA**

Onomatopoeia is really useful in writing because it helps writers to describe sounds accurately. Can you use these words in your writing?

soft	creak	splat
chatter	swish	trickle
futter	fizzle	hiss
rattle	guzzle	gobble
sizzle	slurp	murmur
bubble	snort	boing

Appendix 3

Writing – Examples only

Composing/Drafting Writing

My Adventure with Eight 11.8.2021

One sunny day Eight, my fluffy, blue toy octopus and I went to the park. We played happily on the swings together and slid down the slippery slide. That night, Eight kept me company while I soaked in a warm bubble bath. When I went to bed Eight whispered as he dozed, "Can we go to the park again?" I felt calm and content as we snuggled in bed together. The next day, Mum surprised us with a picnic lunch at the park under a shady tree.

1. Title of your writing and date
2. Capital letters and full stops
3. Spaces between words
4. Adjectives (describing words: fluffy, blue, warm)
5. Verbs (action words: swimming, running)
6. Your writing makes sense

Revising/Editing Tools

WALT edit our writing using the editing guide.

WILF

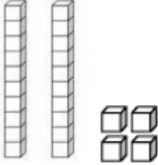

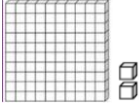

Self-Editing

- Use a coloured pencil
- Circle incorrect spelling
- Correct punctuation and capital letters
- Insert missing words - *the wind^{was} strong*
- New paragraph - *[Suddenly...*
- No erasers or white-out

Appendix 4

Number of the Day

Numerals	Words	MAB Blocks	Number Sentence
24	twenty-four		$20+4=24$
102	one hundred and two		$50+50+2=102$

Appendix 5

Hundreds Chart

The image shows a hundreds chart titled "Our Hundreds Chart". The chart is a 10x10 grid of numbers from 1 to 100. The numbers are arranged in rows and columns, starting from 1 in the top-left corner and ending at 100 in the bottom-right corner. The grid is enclosed in a teal border.

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50
51	52	53	54	55	56	57	58	59	60
61	62	63	64	65	66	67	68	69	70
71	72	73	74	75	76	77	78	79	80
81	82	83	84	85	86	87	88	89	90
91	92	93	94	95	96	97	98	99	100

Note: You should have a Hundreds Chart in your Resource Pack. If not, please inform your teacher.

Appendix 6

Jump Strategy

Jump strategy on a number line – an addition or subtraction strategy in which the student places the first number on an empty number line and then counts forward or backwards, first by tens and then by ones, to perform a calculation. (The number of jumps will reduce with increased understanding.)

Jump strategy method: eg $46 + 33$

Jump strategy method: eg $79 - 33$

Split Strategy (Note: Some students may need additional support using this strategy)

$$\begin{array}{r}
 56 + 33 = \\
 \begin{array}{cc}
 \swarrow \quad \searrow & \swarrow \quad \searrow \\
 50 \quad 6 & 30 \quad 3
 \end{array} \\
 \\
 50 + 30 = 80 \\
 \\
 6 + 3 = 9 \\
 \\
 80 + 9 = 89
 \end{array}$$

Appendix 7

Equal Groups

16

Two equal groups (organised in an array)

2 rows of 8 is 16

$$2 \times 8 = 16$$

Four equal groups (organised in an array)

4 rows of 4 is 16

$$4 \times 4 = 16$$

Multiplication Strategies

Repeated Addition

$$5 + 5 + 5 = 15$$

$$3 \times 5 = 15$$

Division Strategies

Repeated Subtraction

You can use repeated subtraction to see how many times a smaller number goes into a bigger one.

$$15 \div 3 = ?$$

The number of times you can take 3 from 15 is 5.

$$15 - 3 - 3 - 3 - 3 - 3 = 0$$

$$15 \div 3 = 5$$
